EXPERIENCE

Staff Engineer, Stripe (2021-2025)

Owned the payouts ledger service end to end, including on-call rotation.

Cut p99 latency from 1.2s to 180ms across 50000 merchants.

Led migration of the settlement pipeline to an event-sourced design.

Senior Engineer, Shopify (2018-2021)

Built and shipped the merchant payouts API used by 200000 stores.

EDUCATION

BSc Computer Science, Stanford University, class of 2015
